FOREWORD

"Men hit only what they aim at therefore, aim at something high -- Thoreau.

As the members of the senior class of 1966 pass through these hallowed halls of knowledge, we carry with us a deeper insight of learning and understanding and are deeply indebted to those who have led and guided us. We greatly appreciate your patience, and understanding.

With the passing of these years may we look back on them as the time when the emptiness of ignorance became fulfilled with the fruit of knowledge.

It is with great pleasure that we, the yearbook staff, present to you, our fellow students and teachers, the 1966 Tiger. We hope that it will serve as a symbol of pleasant memories in later years and as an aim for high achievement to those who follow us.

ADMINISTRATION

OUR SCHOOL BOARD

The current school term shows every indication of being one of the best ever for Jordan Sellars High School. Many people have had a part in making this so, and I want to use this opportunity to thank the faculty, the students, and school patrons for all that they have done to make this a successful year.

It has been particularly noticeable this year that students have more pride in their school. This has been shown by the general pattern of behavior, the business like attention to class schedules and other assignments, and the greater respect for property and the good appearence of the school. Student leadership has been a big factor in bringing about this improved situation.

Best wishes to the faculty, students and parents of Jordan Sellars school.

FROM THE PRINCIPAL'S OFFICE

Seniors, may I congratulate you on your achievement as a high school graduate. The work has been hard and the competition keen. For twelve years you have labored diligently, but the purpose of Jordan Sellars has been to provide you with opportunities for growth and development.

It is my sincere hope that you have taken full advantage of these opportunities. Some of you will be moving further into the realm of higher education; others of you will begin to accept the real responsibilities of life. All of you will receive lasting joy as you prove worthy of the education received and carry the light of knowledge wherever you may trod.

For those of you who will continue your education at Jordan Sellars, in all areas of human endeavor, there are important places for men to fill. Some tasks require technical knowledge; many demand human understanding; all require wisdom.

I wish for each of you a happy and pleasant life, and may the blessing of God be with all of you.

We the class of 1966 have met only half our goal,
At the present we know not what the future may hold.
As we advance and learn the art of life,
Soon we'll know the real meaning of strife.

Someday we hope to look back on these years with a smile
And know within our hearts, our time was spent worthwhile.
Someday we hope to look back and say,
"Our high school education has helped us as we have trod
along the way."

So to the upcoming class we leave the pace,
We set for ourselves when we were in their place.
